

Star Points Reading

New Ways to Enjoy Books!

What is the Purpose of Star Points?

A new way to approach to reading that allows students new ways to interact and enjoy great books!

What are Star Points?

- ★ Star Points are points you receive for reading great books!
- ★ Star Points are points that you can earn from the following ways:
 - Creating a Book Review (Book Video)
 - Creating a MakerSpace item Based on their Book
 - Logging Reading Minutes onto Google Classroom or QR Code in the Star Library.
- ★ Star Points will go to your class total. If your class meets their goal, they will earn a mini party!
- ★ Star Points will also go toward a school goal. If we meet our goal as a school, we will have several surprises for the whole school.

What is My Class Goal for the Month?

- ★ Your class goal will be displayed on Google Classroom. Star Point totals will be updated every week!

How Many Points is Each Video Worth?

- ★ Each review is worth the number of AR Points x 100.
 - For example: *The Lion, the Witch, and the Wardrobe* is worth 6 AR Points.
 - 6 AR Points x 100 = 600 Star Points
 - So, the book is worth 600 Star Points.
- ★ You can find how many points your book is worth here:
<http://www.arbookfind.com/>
- ★ Some library books already have the number of AR Points listed on the spine.
- ★ If you are not sure on how many points your book is worth, please ask Mr. Wilson.
